Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

BOARD OF DIRECTORS

Board Charter

The Company's Board Charter establishes the role, responsibilities and powers of the Board of Directors. The directors' overriding objective is to increase shareholder value within an appropriate framework which protects the rights and enhances the interests of shareholders and ensures the Company and its controlled entities are properly managed. The function of the Board of directors is clearly defined in the Board Charter and includes responsibility for:

- Approval of corporate strategies, the annual budget and financial plan;
- Monitoring financial performance including approval of the annual and half-year financial reports and liaison with the Company's auditors;
- Appointment of, and assessment of the performance of the Non-Executive Chairman;
- Establishing policies on risk management and ensuring that the significant risks facing the Company and its controlled entities have been identified, and appropriate and adequate control, monitoring and reporting mechanisms are in place; and
- Reporting to shareholders and regulatory authorities.

The directors are committed to the principles underpinning best practice in corporate governance, applied in a manner which is best suited to the Company and to addressing the directors' accountability to shareholders and other stakeholders.

The Board will delegate the day to day operations of the Company to the Managing Director.

Composition of the Board

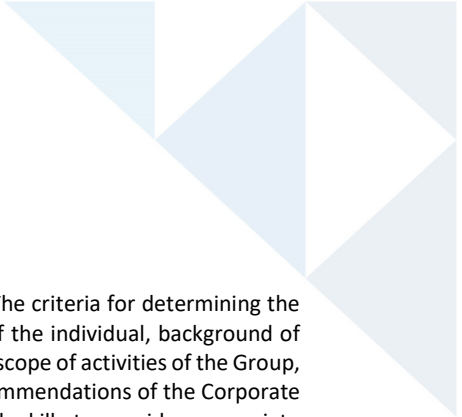

The skills, experience and expertise relevant to the position of each director who is in office at the date of the Annual Report are detailed in the Directors' Report.

The Board comprises seven directors, including six non-executive directors.

When determining whether a non-executive director is independent, the Board considers whether the director:

- is a substantial shareholder of the Company or an officer of, or otherwise associated with, a substantial shareholder of the Company
- is employed, or has previously been employed in an executive capacity by the Company or another group member, and there has not been a period of at least three years between ceasing such employment and serving on the Board
- has within the last three years been a principal of a material professional adviser or a material consultant to the Company or another group member, or an employee materially associated with the service provided
- is a material supplier or customer of the Company or other group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer
- has a material contractual relationship with the Company or another group member other than as a director

Of the current Board Mr Mark Pitts and Mr Gregory Roberts-Baxter are considered the only independent directors.

The membership of the Board, its activities and composition is subject to periodic review. The criteria for determining the identification and appointment of a suitable candidate for the Board includes the quality of the individual, background of experience and achievement, compatibility with other Board members, credibility within the scope of activities of the Group, intellectual ability to contribute to Board duties and responsibilities. In complying with recommendations of the Corporate Governance Council, the Board is mindful to ensure that it is comprised of individuals with skills to provide appropriate stewardship to the Company as it transitions from a company focused on developing its Intellectual Property to an Agri-business with an initial focus on Seafood.

Skills and Experience

The Skill sets currently on the Company's Board include financial, managerial, fishing industry, corporate, and commercial.

Key skill sets for the Board include:

- fishing and seafood;
- accounting and corporate finance;
- commercial, particularly agribusiness;
- wholesale / retail sales;
- risk management;
- environmental and health and safety.

At this stage of the Company's development the Board believes that there is an appropriate mix of skills, experience, expertise and diversity on the Board. However the Board will continue to monitor its composition with a view to ensuring it has an appropriate mix of skills and diversity.

Director selection, appointment and succession

Directors are selected based upon the specific skills, knowledge and experience that they possess. In determining the composition of the Board, the directors consider the skills represented on the Board by sitting directors and determine whether those skills meet the skills identified as required, taking into account such factors as the complexity and size of operations.

The Board has established a Remuneration and Nomination Committee, the committee has access to the advice of external consultants or specialists in determining the composition of the Board. A majority of directors must agree to the appointment of a new director to the Board.

The Committee will ensure that prior to appointing a director or recommending a new candidate for election as a director that appropriate checks are undertaken as to the persons character, experience, education, criminal record and bankruptcy history. Security holders will be provided with all relevant information in the Board's possession, relevant on a decision on whether or not to elect or re-elect a Director.

A director appointed mid-term by the Company must seek re-election at the next general meeting.

Whilst there are no set terms for a director to serve, the Constitution requires that one-third (or the number nearest to but not less than one-third) of the directors must retire from office at each annual general meeting.

A retiring director is eligible for re-election. Prior to the election of any director, candidate information with appropriate detail to support an informed decision is provided to shareholders.

The Company does not have a formal induction process, however, new Directors appointed to the Board are provided with written material incorporating Financial, Corporate and Operating information in relation to the Company. In addition they are provided with a detailed appointment letter outlining the Company's expectations and setting out the requirements of the role as well identifying director interests and potential conflicts.

Access to Information and Advice

All directors have access to the Company Secretary. The Company Secretary is accountable to the Board, through the Chair, on all matters to do with the proper functioning of the Board.

The Board has determined that individual directors may, in appropriate circumstances, engage independent professional advisers at the Company's expense. The engagement of an independent professional adviser is subject to the prior approval of the Chair, which will not be unreasonably withheld.

Director Remuneration

Remuneration packages for Executive Directors comprise fixed remuneration and may include short term incentives in the form of cash bonuses and/or long term incentives in the form of options or performance rights as per individual contractual agreements. Remuneration packages are reviewed by the Board. The process consists of a review of Group, individual performance and relevant comparative remuneration externally and internally.

Non-executive Director remuneration is a fixed annual amount of Director fees, the total of which is within the amount approved by shareholders. Performance based cash bonuses or equity based remuneration has previously not been considered appropriate for Non-executive Directors.

The Company continues to distinguish between the remuneration practices for its Non-executive Directors and the remuneration practices applicable to Executive Directors, the Company therefore complies with Recommendation 8.3 of the Corporate Governance Council. A full outline of the remuneration policy is set out in the Remuneration Report of the Company's Annual Report.

Directors are also entitled to be paid reasonable travelling, hotel and other expenses incurred by them respectively in or about the performance of their duties as Directors.

The Board reviews and approves the remuneration policy to enable the Company to attract and retain executives and Directors who will create value for Shareholders having consideration to the amount considered to be commensurate for a company of its size and level of activity as well as the relevant Directors' time, commitment and responsibility. The Board is also responsible for reviewing any employee incentive and equity-based plans including the appropriateness of performance hurdles and total payments proposed.

Board Operations

The Board will determine an appropriate frequency of Board and Board committee meetings to be held during the year. In addition, directors are expected to engage in regular informal discussions with management.

Board Committees

The Board has established several Committees with separate charters which it relies on to assist with the proper discharge of its duties.

Audit Committee

The Audit Committee is comprised of six Non-executive Directors and is chaired by an Independent Director who is not the Chairman of the Board. However, the majority of members of the Audit Committee are not independent and as a result the Group does not comply with Recommendation 4.1 of the Corporate Governance Council.

The members of the Audit Committee are Mark Pitts (Chairperson), David Lock, Felix Ratheb, Fred Robertson, Muhammad Brey and Gregory Roberts-Baxter. The relevant qualifications and details of attendance at Audit Committee meetings are set out in the Directors' Report of the Company's Annual Report.

The Audit Committee operates under an Audit Committee Charter. The responsibilities of the Audit Committee include the appointment, compensation and oversight of the independent auditor and the review of the published financial reports.

Remuneration and Nomination Committee

The Remuneration and Nomination Committee has been established to assist the Board by making recommendations on:

- a) remuneration packages, including a review of proposed long and short term incentive plans including the appropriate use of performance based hurdles, for Executive and Non-executive Directors, and where appropriate, senior managers;
- b) make recommendations to the Board in relation to the recruitment of potential candidates to fill vacancies and the formulation of policies to ensure the retention of Directors.

The Remuneration and Nomination Committee consists of six Non-Executive Directors being David Lock (Chairperson), Fred Robertson, Felix Ratheb, Muhammad Brey, Mark Pitts and Gregory Roberts-Baxter. The Remuneration and Nomination Committee is chaired by a Non-Executive Director, but does not comprise a majority of Independent Directors and accordingly does not comply with Recommendation 8.1 of the Corporate Governance Council.

The Remuneration and Nomination Committee operates under a Charter which clearly sets out the role and responsibilities of the Remuneration and Nomination Committee. The charter terms provide the Committee with the ability to access internal and external resources as appropriate.

Evaluation of the Board and individual Directors.

The Company has not instituted a formal process for the evaluation of the performance of the Board and as such does not comply with Recommendation 1.6 of the Corporate Governance Council. The Chairman assesses the performance of the Board, individual directors and key executives on an informal basis.

The Board has not conducted a performance evaluation for the period to 31 December 2018.

Evaluation of Senior Executive Performance

The Company is drafting a performance review and evaluation policy for adoption and intends on having a formal process in place for the evaluation of the performance of the senior executives in the coming year. As a result, the Company has not complied with Recommendation 1.7 of the Corporate Governance Council.

ETHICS AND DIVERSITY

Diversity

The Board has adopted a diversity policy that details the purpose of the policy and the employee selection and appointment guidelines, consistent with the recommendations of the Corporate Governance Council. The Board believes that the adoption of an efficient diversity policy has the effect of broadening the employee recruitment pool, supporting employee retention, including different perspectives and is socially and economically responsible governance practice.

The Company employs new employees and promotes current employees on the basis of performance, ability and attitude. The Board is continually reviewing its practices with a focus on ensuring that the selection process at all levels within the organisation is formal and transparent and that the workplace environment is open, fair and tolerant.

The Company, in keeping with the recommendations of the Corporate Governance Council provides the following information regarding the proportion of gender diversity in the organisation as at the date of this Statement:

	Proportion of female / total number of persons employed
Females employed in the Company as a whole	14 / 87
Females employed in the Company in senior positions	5 / 10
Females appointed as a Director of the Company	0 / 7

The recommendations of the Corporate Governance Council relating to reporting require a Board to set measurable objectives for achieving diversity within the organisation, and to report against them on an annual basis.

The Company has implemented measurable objectives as follows:

Measurable Objective	Objective Satisfied	Comment
Adoption and promotion of a Formal Diversity Policy	Yes	The Company has adopted a formal diversity policy which has been made publicly available via the ASX and the Company's website.
To ensure Company policies are consistent with and aligned with the goals of the Diversity Policy	Yes	The Company's selection, remuneration and promotion practices are merit based and as such are consistent with the goals of the Company's Diversity Policy.
To provide flexible work and salary arrangements to accommodate family commitments, study and self-improvement goals, cultural traditions and other personal choices of current and potential employees.	Yes	The Company will, where considered reasonable, and without prejudice, accommodate requests for flexible working arrangements.
To implement clear and transparent policies governing reward and recognition practices.	Yes	The Company will grant reward and promotion based on merit and responsibility as part of its annual and ongoing review processes.
To provide relevant and challenging professional development and training opportunities for all employees.	Yes	The Company seeks to continually encourage self-improvement in all employees, irrespective of seniority, ability or experience, through external and internal training courses, regular staff meetings and relevant on job mentoring.

The Company has not implemented specific measurable objectives regarding the proportion of females to be employed within the organisation or implement requirements for a proportion of female candidates for employment and Board positions. The Board considers that the setting of quantitative gender based measurable targets is not consistent with the merit and ability based policies currently implemented by the Company.

The Board will consider the future implementation of gender based diversity measurable objectives when more appropriate given the size and nature of the Company's operations.

Code of Conduct

The Company has established a code of conduct and all directors, senior executives and employees are expected to comply with this code. In summary, the code requires that all Company personnel act with honesty and integrity and in compliance with the letter and the spirit of the law, ASX Listing Rules and Company policies.

FINANCIAL REPORTING

Financial Reporting

The Board relies on Executive Director to monitor the internal controls. Financial performance is monitored on a regular basis by the Board and is discussed at scheduled Board Meetings.

Chief Executive Officer and Chief Financial Officer Declaration

In accordance with Recommendation 4.2 of the Corporate Governance Council, Australian Accounting Standards and the Corporations Act the Board requires that the Chief Executive Officer and Chief Financial Officer provide a written declaration in respect to all annual, interim and other statutory financial reports for the Company. In addition, the Board requires assurance that the declaration is founded upon a sound system of risk management and internal controls, and that the system operates effectively in all material aspects.

SECURITIES DEALINGS

There is no requirement for Directors to hold securities.

Securities Trading Policy

The Board is committed to ensuring that all Directors and employees comply with their legal obligations as well as conducting their business in a transparent and ethical manner. All Directors and employees (including their immediate family or any entity for which they control investment decisions), must ensure that any trading in securities issued by the Company is undertaken within the framework set out in the Securities Trading Policy.

The Securities Trading Policy does not prevent Directors or employees (including their immediate family or any entity for which they control investment decisions) from participating in any share plan or share offers established or made by the Company. However, Directors or employees are prevented from trading in the securities once acquired if the individual is in possession of price sensitive information not generally available to all security holders.

In addition to the overriding prohibition against dealing in the Company's securities when a person is in possession of inside information, Directors or Employees and their associated parties are at all times prohibited from dealing in the Company's securities during prescribed 'closed' periods. The Company has nominated closed periods to run for the period which starts at the end of the full and half year reporting period until one full trading day after the release of financial results for that respective period. Written consent from the Chairman must be obtained prior to trading in the Company's securities.

The Securities Trading Policy also includes a clause prohibiting Directors and Executives from entering into transactions in associated products which operate to limit the economic risk of security holdings in the Company over unvested entitlements.

The Securities Trading Policy is available on the Company website.

RISK MANAGEMENT

Adoption of Risk Management Policies

The Board has delegated risk management to the executive but monitors material business risks on an ongoing basis. A separate risk committee has been established comprised of executive directors and management. Members of the risk committee are: James Clement (Chairperson) and Richard Duncan.

The Company has a full Risk Register that has been prepared and adopted by management. The Risk Register has been reviewed this financial year and going forward it is the Boards intent to review the register twice a year at the time of considering and approving the half and full year financial statements.

The Company's Risk Policy is disclosed on the Company's website.

The Company does not believe it is of a size that warrants an internal audit function. However the Board and Management maintain the required level of assurance through a sound system of internal controls which is monitored by senior executives and the Board.

In order to implement the Risk Management Policy, it was considered important to establish a Risk Management Strategy and an internal control regime, this will be completed during the coming financial year.

To manage and assess risk, the Board will need to assess its material business risks and adopt a 'tailored to fit' Risk Management Plan and a Risk Management Framework as outlined in the Australia/New Zealand Standard AS/NZS 4360:2004.

The Risk Management Policy will continue to evolve and develop with the growth of the Group's activities and will focus on:

- * Financial
- * Corporate
- * Legal
- * Operational
- * Human Resources
- * Government regulation
- * Environmental/Social
- * Political

Economic, Environmental and Social Sustainability Risks

The Company is committed to ensuring that sound environmental management and safety practices are developed and maintained.

The Company and its controlled entities are subject to significant regulation at both State and Commonwealth levels in respect of its marine operations, land and use tenure and environmental requirements. This includes specific environmental permits, licenses and statutory authorisations, trade and export and workplace health and safety.

In addition to the Marine Stewardship Certification which was obtained for the Shark Bay Fishery relating to the sustainable way in which the fishery is managed, the Company is very conscious of the social licence which it is building and needs to maintain for the benefit of the wider community.

The Company and its controlled entities has well established management frameworks for routinely and regularly monitoring compliance with the relevant regulatory requirements and to monitor and manage environmental compliance in relation to new regulations as they come into effect. Compliance within the regulatory framework is routinely reported to the Board.

A cross-functional team is employed to manage compliance within the regulatory framework and guide a strategy of continuous improvement in environmental management and sustainability.

The website provides shareholders and others the opportunity to receive additional information such as press releases and other materials electronically.

Shareholders are able to pose questions on the audit process directly to the independent auditor who attends the Annual General Meeting for that purpose.

Continuous Disclosure Policies

The Board is committed to the promotion of investor confidence by providing full and timely information to all security holders and market participants about the Company's activities and to comply with the continuous disclosure requirements contained in the Corporations Act 2001 and the Australian Securities Exchange Listing Rules. The Board has adopted a Continuous Disclosure Policy, complying with Recommendation 5.1 of the Corporate Governance Council and with the ASX Listing Rule Requirements.

Continuous disclosure is discussed at all regular board meetings and on an ongoing basis the Board ensures that all activities are reviewed to assess the need for disclosure to the market.

In accordance with ASX Listing Rules, the Company Secretary has been appointed as the Group's disclosure officer.

The Company has policies and procedures contained within the Continuous Disclosure Policy that focus on continuous disclosure of any information concerning the Company and its controlled entities that a reasonable person would expect to have a material effect on the price of the Company's securities.
